**4. Method of Apportionment of Assessment**

---

The assessment for the maintenance of the improvements will be apportioned to each parcel in the District as shown on the latest equalized roll of the County Assessor. The description of each lot or parcel is part of the records of the County Assessor of the County of Napa and such records are, by reference, made part of this Report.

Pursuant to the Landscaping and Lighting Act of 1972 and Article XIID of the Constitution of the State of California, all parcels that have special benefit conferred upon them as a result of the maintenance and operation of improvements are identified and the proportionate special benefit derived by each identified parcel is determined in relationship to the entire cost of the maintenance and operation of the improvements. Only parcels that receive direct special benefit are assessed, and each parcel is assessed in proportion to the estimated benefit received.

The purpose of the District is to provide a means for maintenance of "back-on" landscaping improvements along arterial and major collector streets in new subdivisions and landscaping in street medians.
