Aluminum

DECORATIVE POLES AND BASES

ATTACHMENT 1

PLB 102-4

PLB 102-4" DECORATIVE ALUMINUM POLE
4-BOLT ANCHOR BASE & COVER

- 4" – 6' to 16' standard heights
- Straight or tapered, smooth or fluted poles
- For single or multiple luminaire mounting

SPECIFICATIONS

All aluminum alloys comply with metallurgical and mechanical properties set forth in the Aluminum Association Standards.

SHAFT

The shaft is extruded from all new 6061 aluminum alloy tubing, and has a fluted or smooth straight upper section on a cast decorative base.

ANCHOR BASE

Each standard includes an A356 alloy cast aluminum four bolt base. The shaft is inserted and joined by a continuous circumferential weld at the outside top and inside bottom of the anchor base. A grounding lug is welded opposite the handhole.

ACCESS DOOR

An extra large access cover is included. A grounding lug is also provided.

ANCHOR BOLTS

Each standard includes four 3/4–10 x 25" steel hot dip galvanized anchor bolts each with two nuts, two flat washers and one lock washer.

FINISH

Standard colors are: black, medium bronze, dark bronze, white, green, or silver metallic. Premium colors are: Verde Patina, Pewter Patina, Silver Sparkle or custom colors. All RAL colors are available to match poles or fixtures. Contact PEMCO for details.

OPTIONS

Smooth tapered shaft 4" to 3".

Budget Pricing Notes

Contractor net pricing is the estimated cost that an electrical contractor can purchase from an electrical wholesaler. Freight, tax or contractor mark-up are not included. Pricing may vary between electrical wholesalers. Changes to quantity or specification may effect pricing.
