Subject: Covid 19 response- question

[EXTERNAL]

Good evening,

Thank you for your service. First, is there a video feed? Only audio is playing on channel 28. President Trump brought in citizens to Travis Air Force Base, possibly exposing our counties. Queen of the Valley, treated 2. Davis reported a confirmed case that exposed our area and is being treated in nearby Sacramento.

What need do we currently have to test everyone that was in contact with those individuals? And can we meet it?

Has everyone who has requested a test in Napa been able to access them already, and what were those results?

I have a chronic respiratory disease, should I self isolate?

When President Trump says to limit groups to under 10 people, how can restaurant kitchens stay open?

Thank you for your time and service.

Best,

Colleen Harmon

Subject: Comment to council

[EXTERNAL]

Has shelter in place been discussed? Should City Council consider this?

Regarding employees from counties known to have confirmed carriers; are they being encouraged to stay home. Is testing for them being prioritized?

Sincerely,

Bernardo "Bernie" Narvaez

Dear City Council and Mayor,

The City is behind on the Coronavirus crisis. Please tell us why?

Increase in infections have started to slow in Italy because of the drastic measures. You have to do this. You have no choice.

- We should be on mandatory shelter in place.
- No restaurants should be feeding people in doors. Deliveries and pick up is fine.
- Make sure the non profits that take care of our most vulnerable are supported.
- Stop processing tickets and delinquent fines
- Stop all large scale building projects
- Don't turn off anyone's water for lack of payment
- * Support medical facilities with their critical logistical needs
- Work with County in all aspects. Close all public facilities.
- Encourage industries, businesses, hotels and wineries to hire people who live in Napa. Local First priorities.
- Stop Evictions based on hardship.
- Increase education to Spanish speaking community
- Understand and study the long term ramifications economically to our community. Apply city-wide support based on these ramifications.
- Ramp up homeless service outreach.
- Cooperate with regional mayors. This is a regional issue with regional solutions and concerns.
- Counter fake reports and education against them.
- Create community wide messages online, youtube and in press that educate and support

Thank you for acting responsibly!

Lowell

[EXTERNAL]

Please allow all staff the ability to work 40 hours a week. Please don't tell staff they have to use their vacation time, wiping out their balance

--

Thanks,
Kasey

[EXTERNAL]

Please postpone consideration and approval of projects coming before the planning commission and council for permitting or expansion. All hands should be on deck to mitigate the effects of the pandemic on the public. In addition, the necessity to care for family members and our community precludes meaningful public participation in the process at this time.

Thank you,

Julia Winiarski
