To: Clerk
Subject: COMMENT TO COUNCIL FOR AUGUST 4, 2020 MEETING – PLEASE READ (Item 13A)

[EXTERNAL]

From Nancy McCoy-Blotzke,
[REDACTED] Napa

“Autonomous vehicles” needs to be removed from Principle 6 “Emphasize Environmental Sustainability”. The technology of closely placed cellular antennas to enable such vehicles would create an environmental and health hazard. The detrimental health effects cellular antennas have been documented since the early 2000s. Research is now also revealing the detrimental effects on trees and wildlife.

Thank you

KB

Kara Brunzell (Guest) 8:58 PM
can I withdraw in favor of Bill?

I think the commission needs continuity I did not apply to try and unseat Bill!
