Hello:

For the love of everything in this universe that is Holy, please please please make the developer put the entrance and exit to the new development on Freeway Drive!!! Old Sonoma Road is like a freeway now (I live one block north of OSR near Foster Road and drive on it a minimum of 4 times per day). I have not seen any improvements to calm traffic or prevent traffic hazards on OSR in the 13 years that I've lived in the neighborhood. With the seemingly dyslexic drivers in this city who constantly ignore traffic laws and the horrid visibility from the side streets off of OSR, it's really a dangerous drive – I can't tell you how many times I've had to prevent accidents due to someone else's negligence (and I can't tell you how many cars parked on OSR get hit by drivers who speed in such hazardous conditions).

Something really needs to be done about OSR, and it's not adding several hundred more cars traveling on it.

Thank you.
