Goal H1 — Napa Is A Vital and Diverse Community				
Program H1.A	Adequate Sites The City shall continue to provide and maintain adequate sites consistent with State law.	Ongoing; 2015-23	<i>Maintain adequate sites</i>	Ongoing
Program H1.B	Future Land Use Planning The City shall address long-term housing needs in collaboration with the community through future Specific Plans or other Land Use plan updates, targeting major transportation corridors near services, large sites over 20 acres where services and transit can potentially be incorporated, and sites identified for potential <i>future</i> change in this Housing Element. All such plans shall specifically consider appropriateness of sites for multi-family use.	2016-18	<i>Adopt General Plan Update</i>	Began General Plan Update timeline
Program H1.C	Local Housing Need To adequately provide housing for a variety of household types, including families and lower income households, and ensure the wise use of land resources, the City may require an applicant for development of land designated for higher density development (15 units per acre or more) to demonstrate how their project addresses local housing needs. The City may then consider actions or conditions to discourage development that is not responsive to local needs or other measures as appropriate.	As projects are submitted	<i>Prioritize land resources for population groups with the highest need. Evaluate local housing needs for special population groups, given limited land supply</i>	
Program H1.D	Jobs-Housing Analysis During Specific Plans and major General Plan updates, the City shall analyze anticipated housing and job types, numbers and incomes and develop strategies to further address housing and jobs linkages.	As plans are developed	<i>Improve linkages between housing and employment development</i>	
Program H1.E	Job Impact Analysis The City shall require analysis of the impact of major non-residential development proposals (over 100 employees) on increased housing demand and may require mitigation measures (above housing impact fee requirements) to provide better housing and jobs balance in the	As major projects are proposed and reviewed	<i>Heightened link between jobs and housing</i>

	City of Napa. If an impact is identified, appropriate mitigation may be required, including, but not limited to: the provision of new housing units, payment of in lieu fees, or an alternative equivalent action.			
Program H1.F	Housing Sites Study of Surplus Institutional Lands As part of the next General Plan update, the City shall initiate a Housing Sites study to review whether any surplus or potentially surplus institutional lands are appropriate for residential/non-residential mixed-use development and/or affordable housing, and follow-up actions, such as prioritizing sites for purchase. As part of the study, the City will consider the application of the Affordable Housing Overlay zoning district to City-owned surplus lands.	2016-18	<i>Completion of Housing Sites analysis for surplus or potentially surplus institutional lands and follow-up actions</i>	
Goal H2 — We Have A Variety of Housing Types and Choices				
Program H2.A	Adequate Sites for Multi-Family Use. Before the next Housing Element update, the City shall analyze multi-family and mixed-use sites capacities and identify potential sites for multi-family use or where increased multi-family densities may be appropriate. Criteria shall include proximity to transit, services and jobs, environmental site constraints, and neighborhood "fair share." Additionally, during the next comprehensive update of the General Plan, the City will consider designating major commercial corridors, such as the Soscol Gateway and Tannery Bend areas for higher density housing and mixed use development. This program was designated as a priority by the Housing Element Advisory Committee.	2020-23	<i>Completion of Sites study for future Housing Element</i>	
Program H2.B	New Rental Units The Housing Division and the Housing Authority shall assist with the construction of new affordable rental units for very low and low income renter households (including but not limited to service workers, farmworkers, developmentally disabled, seniors, etc.) by prioritizing applications of others for tax credits and other federal/state funding, providing loans from the local Housing Trust fund and land banking sites. As a part of this review, the City shall review the minimum site size criteria and review the zoning map to identify potential additional sites for rezoning under the AH Overlay designation. The City shall consider options to maximize its benefit; for example — on Low Density sites — would current second unit provisions, or other options such as requiring small homes on some percentage of the lots, provide a greater affordable housing benefit?			
Program H2.G	Long-Term Affordability Agreements and Monitoring. The City shall continue to implement long-term agreements and/or deed restrictions with developers of affordable units that: govern unit affordability, monitor the continuing affordability of such units, and provide incentives for renewal of affordability agreements where feasible. Units currently restricted under City and other agreements are listed in Section 5 of this Housing Element. The City's list of units for monitoring includes those multi-family rental units funded and restricted under Federal, State and/or local housing programs. Program H3.E	Second Unit Standards and Fees. To encourage additional second units, the City will consider revisions to its second unit standards and fees — including eliminating owner occupancy requirements; modifying parking standards; eliminating whole house sprinkler requirements for attached second units; and, given their small sizes, moderating the disincentive of higher fees by using non-fee revenue derived from other sources to subsidize the costs of second units – and encourage other service agencies to do the same. The City will also evaluate possible use of the Housing Trust Fund to write-down some fees/costs, such as sewer/water hook-ups, as an incentive to creating second units. Further, the City will consider a more comprehensive second unit strategy that could, for example, provide prototypes, construction documents and financing assistance.	2016	<i>Revise Ordinance including work with service providers</i>	Finalized Update to Accessory Dwelling Unit Ordinance and initiated further amendments in response to new state laws.
