### Education:

Leadership Academy, Sonoma County Office of Education: School Administration Crededential, 1998  
Sonoma State University: Secondary Teaching Credential, 1982 Wittenberg University, BA., English, 1971

### Other relevant experience or expertise:

I have served on the Senior Advisory Commission for two terms and as Chair for one full year and elected to a second year in January. I was employed by Napa nonprofit organizations for over 30 years, and I continue to develop networking partnerships with Napa social service and educational organizations. My experience as a Board member of the Napa Nonprofit Coalition allowed me direct access to networking and understanding the services that the nonprofit agencies offer in our community. My own career as an administrator focused on problem solving and achieving goals within a team oriented context, which has been valuable as a Commission member. I have made presentations to both the Napa City Council and the Napa County Board of Supervisors and had the opportunity to learn about their governing processes. I have written successfully funded county, state and foundation grants.. I am actively involved with the CanDo Give Guide annual campaign for nonprofits and serve as the consultant for senior agency applicants. I am a member of HAPI and on the Transportation Committee. i also serve on the newly formed ad hoc Park and Recreation Committee .Retirement allows me the opportunity to stay involved in the Napa community. I would like to continue be as an advocate for senior concerns and to promote a positive quality of life as a Commissioner.

### Additional Questions

**What is your understanding of the role and responsibility of this board?**

---

The Senior Advisory Commission reviews information relevant to seniors services, facilities and activities at the Senior Center and makes recommendations to the City Council. The Commission actively evaluates the program activities and makes recommendations so that all senior needs are met. The Commission also participates in Strategic Planning sessions to develop short and long term goals for the Napa Senior Center. Commissioners also help support the staff at the Senior Center. Commissioners develop relationships with senior service groups and act as ambassadors for the Senior Center in the Napa community.

**Have you ever attended a meeting of this board? If so, how many?**

---

During my 2 year term I have attended all meetings except for 2 when I was out of town.

**What duties of this board are most interesting to you?**

---

I am interested in planning how we will offer programs and activities at the Senior Center while addressing Covid 19 concerns and what health and safety measures are prudent. I am interested in continuing the work and activities we were planning before the Covid19 interruption: and how to best move forward with these ideas: I am interested in supporting the vision of a welcoming, newly renovated center and engaging seniors who are new to the facility. I want to assist in marketing and publicizing new opportunities we offer to our vast spectrum of seniors in the Napa community; I am interested in helping to develop partnerships and networking with other agencies to share information and update them on activities and resources; I am also interested in working on solutions for issues specific to the senior population such as transportation, housing and isolation.

**What activities of this board are least interesting to you?**

---

Basic facility maintenance (important, however)

**What programs or projects would you like to see improved or implemented?**

---

We will need to provide people at the Senior Center with Covid 19 virus factual information and recommended health precautions as part of our comprehensive service to the senior community. The renovation of the beautiful, new Senior Center is an opportunity to have our Senior Center transition into a community "hub" for events, classes, artistic opportunities, workshops and important senior information and resource exchanges. I would like to see our Senior Center expand our program selection to include community health (now Covid 19) and disaster safety workshops, designed specifically for senior preparedness.. I would like to see the Senior Center be the place that elected official and representatives of other agencies want to hold a seminar about senior issues because the Senior Center is their most attractive and populated choice.

**How would you approach improving these project(s) or program(s)?**

As Commissioners, we will need to support and offer assistance to the staff in supporting any Covid 19 related procedures and precautions that are developed at the Senior Center. The Commissioners could be scheduled to serve as Good Will Monitors in reminding people about face coverings and social distancing. I would want to continue to help actualize some of the goals we developed in the Strategic Plan for the newly remodeled Senior Center. We have discussed more community publicity through the Market Place Magazine and Napa Register and pictures in Faces and Places to attract both new seniors and younger aged seniors. We could also put articles in the agency newsletters of those serving seniors. It may also be beneficial to have attractive flyers that could be distributed through Napa Community Housing senior facilities, Meals on Wheels, Molly's Angels, and Health and Human Services. Perhaps we could develop a Welcoming Committee of volunteers, including some commissioners, who would make sure everyone feels welcome and offer a personal, friendly contact. Commissioners are eager to volunteer and they could be used more as a resource for support staff. They could assist staff by making phone calls; during disasters/pandemic or routine follow up calls. Commissioners could also act as table hosts and for special luncheons. I would also suggest that the newly remodeled Senior Center be showcased as a SIGNIFICANT PLUS for choosing to live in the City of Napa during the 55+ senior years on through retirement.
