9/7/2021	1	CITY COUNCIL OF THE CITY OF NAPA	approved	Pass

To: Honorable Mayor and Members of City Council

From: Phil Brun, Utilities Director

Prepared By: Chris Jones, Assistant Engineer

TITLE:

Edward Barwick Jamieson Canyon Water Treatment Plant Fall Protection Improvements

RECOMMENDED ACTION:

Adopt a resolution: (1) authorizing the Utilities Director to award a construction contract to, and execute a construction contract with, Performance Mechanical, Inc. for the Edward Barwick Jamieson Canyon Water Treatment Plant (EBCWTP) Fall Protection Improvements Project in the bid amount of \$147,986; (2) authorizing the Utilities Director to execute change orders and charges for project services up to \$39,000 for a total project amount not to exceed \$186,986; (3) approving the transfer of \$57,073 from Water CIP Reserves to EBCWTP Fall Protection Improvements CIP as documented in Budget Adjustment No. BE 2209501 and (4) determining that the actions authorized by this resolution are exempt from CEQA.

DISCUSSION:

The project consists of fabricating and installing fall protecting railings, stairs, and platforms at three locations at the EBCWTP. The initial budget for the Project was \$150,000. For the structural design of the fall protection improvements, the City has expended \$20,087 to date.

Staff publicly bid the Project during the month of July. On August 2, 2021, two (2) formal bids for construction were received. The Bids were as follows:

\$147,986	Performance Mechanical Inc., Sacramento, CA*
\$373,757	Angotti & Reilly, San Francisco, CA

*Apparent lowest and best bid

The Napa Municipal Code local business preference of a three percent (3%) bid reduction factor did not alter the bid results.

The construction budget is proposed as follows:

Performance Mechanical, Inc.	\$147,986
Contingency for unforeseen conditions (20% of bid)	\$ 29,500
Construction management and Specialty Inspection	\$ 9,500
Total	\$186,986

The contingency and inspection costs are estimates. The funds can be used interchangeably between the items listed above.

FINANCIAL IMPACTS:

There are existing funds for the EBJCWTP Fall Protection Improvements CIP in the amount of \$129,913. Funds in the amount of \$5,282,962 are available in Water CIP Reserves. A transfer of funds in the amount of \$57,073 from Water CIP Reserves to EBJCWTP Fall Protection Improvements CIP as documented in Budget Adjustment No. BE 2209501 will be used to complete the project for a total amount not to exceed \$186,986.

CEQA:

City staff recommends that the City Council determine that the Recommended Action is exempt from CEQA pursuant to CEQA Guidelines Section 15301(b) which exempts the restoration or rehabilitation of existing publicly owned utilities.
