As defined by Napa Municipal Code Section 2.68.020, a "design professional" is a person who demonstrates, to the satisfaction of the City Council, that he or she has professional experience (in the fields of architectural design, landscape architecture, urban planning, building, sustainability, or a related field) that is sufficient to assist the member in the effective evaluation of applications for development projects. In determining whether a particular person is a "design professional," the City Council may consider as relevant experience the candidate's membership on this Commission, or a commission responsible for reviewing applications for development projects.
