

Staff Reports

File #: 109-2020, **Version:** 1

To: Honorable Mayor and Members of City Council

From: Julie Lucido, Public Works Director, and John Coates, Parks and Recreation Director

Prepared By: Eric Whan, Deputy Public Works Director - Engineering

TITLE:

Citywide Landscape Maintenance Assessment District, Fiscal Year 2020-2021

RECOMMENDED ACTION:

Adopt a resolution approving the Engineer's Report, confirming diagram and assessment, ordering levy of assessment for the Citywide Landscape Maintenance Assessment District for Fiscal Year 2020-2021, and determining that the actions authorized by this resolution are exempt from CEQA.

DISCUSSION:

In 1987, the City Council authorized the establishment of a Citywide Landscape Maintenance District to provide a means for maintaining "back-on" landscaping improvements along arterial and major collector streets in new subdivisions and landscaping in street medians. Each year, the City Council is required to take the necessary actions to receive the Engineer's Report, hold the protest hearing and levy the assessments. The Engineer's Report, which has been prepared by staff, is attached.

The areas included in the maintenance district for FY 2020-2021 include Oak Ridge Subdivision, Hillview Park Subdivision, Sunrise Meadows Subdivision, Foxridge Subdivision, the Trancas Street Median Landscaping in front of Bel Aire Plaza Shopping Center, Oxford Gardens Subdivision, Glencar Estates Subdivision, Dry Creek Village Subdivision, Rancho Las Flores Subdivision, Woodside Gardens Subdivision, Hyde Park II Subdivision, Walnut Grove Subdivision Unit 1, Vineyard Vista Estates Subdivision, Orchard Estates Subdivision, Chaudhary Estates Subdivision, and Mills Subdivision. The City proposes to continue the levy of assessments at the same amounts (no increase) and in the same manner as last year.

Notice of the hearing was processed pursuant to provisions of Section 22626(a) of the Streets and Highways Code. The notice was published once in the local paper at least ten (10) days before the date of the hearing.

It is recommended that the City Council receive testimony from the public as required and adopt a resolution approving the Engineer's Report, confirming diagram and assessment, and ordering levy of assessment for the Citywide Landscape Maintenance District, FY 2020-2021.

FINANCIAL IMPACTS:

There is no financial impact to the City General Fund. The City proposes to continue the levy of

assessments at the same amounts (no increase) and in the same manner as last year.

Since there is no proposed increase in these assessments, this action does not conflict with the provisions of Proposition 218, as codified in Article XIID of the California Constitution.

CEQA:

City staff recommends that the City Council determine that the Recommended Action is exempt from CEQA pursuant to CEQA Guidelines Section 15301(h) which exempts maintenance of existing landscaping and lighting.
